

VIVID STORIES OF LIFE IN MEXICO

Witnesses Tell Senate Committee of Treatment Given to Americans

TESTIMONY OF MANY HEARD

SAN ANTONIO, Texas, Jan. 14.—Stories of terrible cruelty, unrelenting murders and devastation of properties were given the senate sub-committee investigating the Mexican situation today by men in close touch with conditions in Mexico.

T. M. McBee, a cattleman from a border town, James J. Britt, a lawyer from Tampico and George E. Blalock, once the head of what was the largest colony of American farmers in Mexico were the witnesses. The effect of their testimony was to strengthen the claims of witnesses heard in Washington that the insecurity of American life and property in Mexico is growing greater.

Britt asserted that American life was worth more in the Argentine than it is today in the country about Tampico. He entered the United States only two days ago. He is one of the men who were assisted in caring for the bodies of F. J. Roney and Earl Boles, who were killed in the oil fields Dec. 30.

Britt appeared confident that the men were killed by Carranza's soldiers. "They were killed within the Carranza lines," he said, "and the bullets we took from their bodies were those used by the government soldiers and not by bandits. Moreover, Boles had been attacked from behind with a machete. The rebels in that part of the country do not carry machetes. The soldiers do."

He told the committee the Americans stood guard over the bodies until an autopsy could be held.

"We had one experience of neglecting this phase of such a case," he said, "when James Wallace was shot. I know for a fact that he was not a drinking man and yet the claim set up by the Mexicans was that he was drunk. And this is what happened. They had poured tequila into his mouth and over his face after he was dead in order that the odor might support their claim. Remember the killing of Gabriel Portor, whose father lives here made by the witness."

"Who was he?" inquired Senator Fall.

"Only an American," was the reply.

The answer characterized the utterance of his entire testimony. His arraignment of Carranza, Cabrera and other members of the government was unhesitatingly made. He frankly charged government officials with misappropriation of government funds and insisted the spirit displayed in official circles found its reflection in the robberies by the common people.

Murders and ordinary robberies in Mexico as well as in the country places he declared to be common.

Britt, who was a soldier in the tank corps of the American army in France, confirmed to the committee the recommendation that was attributed to Secretary of Finance Luis Cabrera that members of the American Legion in Tampico should be deported.

Four of the members of the Legion are Mexicans who served with the American army. Britt said that since he left Tampico they had been arrested.

Another man connected with the oil industry he supplemented much of the testimony already in possession of the committee regarding the treatment accorded oil companies by the Carranza government, adding, however, that in his opinion it would be well for the men engaged in the work there to get out if they get protection.

McBee's story of the killing of Lee Steery and Clarence Sellers was an added dramatic bit of testimony. Ten days after the two men disappeared their bodies were found. The condition was such as to convince the men on the border of the manner in which they had died. According to them, the boys had been dragged by mounted men until dead. The necks of both were broken and the heads and the bodies otherwise mangled. On Sellers a remnant of the rope remained. It had been thrown over his head and then a half hitch made, the rope passing through his mouth.

The story of the disappearance of Blalock colony was told by G. E. Blalock, its founder. He told the committee it once comprised about 100 families, all Oklahoma farmers, in a virtually moderate circumstances. He said the men wished to develop the land and the houses and told how the order or suggestion from the American consul at Tampico had caused them to leave in 1914. They had been in Mexico since 1903.

ATTEMPT TO BLOW BANK VAULT FAILS.

Chestnut, Ill., Jan. 14.—Bank robbers failed to use enough explosive when they attempted to blow the door from the vault of the Bank of Chestnut early today. The robbers died after their unsuccessful attempt to open the vault. They stole \$450 in stamps and an undetermined amount of Liberty bonds from safety boxes.

TAKE UP LEGISLATION TO PREVENT RIOTING

Initial Hearing on Recent Disorders by Senate Judiciary Sub-Committee.

WASHINGTON, Jan. 14.—Enactment of federal legislation to prevent lynchings and race rioting was urged at the initial hearing today of a senate judiciary sub-committee to investigate recent riots and suggest means of preventing recurrence of the disorders. Today's session was devoted entirely to the question of federal jurisdiction.

Senator Curtis, Republican, Kansas, author of the resolution authorizing the investigation presented to the sub-committee a copy of a report of the department of justice the activity of radical agitators in cities where rioting has occurred in the last six years and described in the manner in which these agitators have conducted a propaganda campaign for the purpose of arousing unrest.

"It seems to me," said Senator Curtis in presenting the report, "that there is a very strong reason why the general government should take hold of this question and make a thorough investigation of it and into the activity of the radical element in this country in working up race riots."

U. S. Bratton, a white attorney, of Little Rock, Ark., who said his son narrowly escaped lynching during the recent race riots in that state, argued in favor of federal legislation declaring that the independent committee should have an impartial trial which mob rule denies.

"The conditions that exist in Arkansas are such as to demand the attention of the federal government," Bratton said.

James W. Johnson, field secretary of the national association for the advancement of colored people told the committee that there recently had been suggestions that the United States intervene in Mexico because about six Americans had been killed while during the same period 36 negroes had been lynched in this country.

Legislation to prevent race riots and lynchings clearly comes within the constitutional powers of congress said Mr. Johnson.

Rev. J. G. Robinson, negro, Philadelphia, national organizer for the Equal Rights League of America, told the sub-committee he had been driven from his home because of his work on behalf of the negro.

METHODISTS HOPE TO UNITE CHURCHES

Louisville, Ky., Jan. 14.—In a church edifice controlled by the same religious organization which sponsored a breach in the Methodist Episcopal Church in 1846, this dividing the church membership into north and south factions a joint commission of both churches will meet tomorrow in an endeavor to reunite the two wings.

Bishop W. F. McDowell, Washington, will head the delegation from the Methodist Episcopal Church, North, and Bishop Edwin Mounson, Dallas, Texas, the Southern faction. The meeting will be closed to the public and will last several days. Slavery indirectly caused the breach. Because the wife of Bishop Andrews, Georgia, owned a negro slave girl in 1844, Methodist Episcopal congregations in the north contended the bishop should be removed. Southern branches of the church held that he was appointed by a church conference for life and could not be ousted. Two years later the southern congregations "seceded," and formed the Methodist Episcopal church, south.

GLASS ASKS BANKS FOR CO-OPERATION

New York, Jan. 14.—An appeal to banks by Secretary of the Treasury Glass for continued co-operation in acting as agents for sale of war savings securities was made public tonight by the American Bankers' Association.

After asserting that the objects of the government saving movement are to stimulate savings and to protect the secondary market for liberty and victory loan bonds and treasury certificates of indebtedness, Mr. Glass added that banks and trust companies can aid greatly by promoting the holding and purchase of government bonds and offering facilities for their purchase and sale under proper conditions.

TWO AMERICANS REPORTED KILLED

LONDON, Thursday, Jan. 15.—Two Americans were killed and three wounded in a clash with an armored train of General Semenov, commander-in-chief of the all-Russian army between Lake Baikal and Verkhneudinsk in the province of Trans-Baikala according to the correspondent of the Daily Mail at Harbin. The Americans were reported to have captured the train.

TAKEN OUT FIRST PAPERS.

New York, Jan. 14.—Mischa Elman, violinist, took out his first nationalization papers today. R. V. Wechsler, deputy county clerk in charge of the bureau of naturalization, announced that Elman had filed his intentions, declaring that he was "very anxious to become an American."

BERLIN SITUATION CONSIDERED GRAVE

Pressure of Radicals Felt by Ebert and Bauer Government

PAY HEAVY TOLL OF CASUALTIES

Berlin, Jan. 14.—(By the Associated Press).—The government today felt the pressure of the radicals as a result of the signing of the state of siege which had been hanging over Berlin since spring and in otherwise moderating the regulations calculated primarily to restrain the independent and communist agitators and otherwise defend the populace.

In addition the government has been forced to face a heavy toll of casualties, as well as one of the most tumultuous parliamentary sessions yet witnessed in the reichstag.

An inflammatory proclamation against the government's workmen's councils measure drew large crowds to the reichstag precincts. The people congregated about the building while the assembly was about to enter into its deliberations on the measure.

The past few days had given every indication that the independent and their Communist and Bolshevist appendages would make a supreme effort this week to disconcert the government.

Immediately after the opening of the session of the national assembly, Herr Geyer, floor leader of the Independent Socialists, entered his party's protest against the presence of armed forces in the reichstag. He charged that military protection was there with the consent of the president of the chamber.

Herr Fehrenbach, president of the chamber denied this. He declared on his arrival in the reichstag building the director informed the government had provided protection for the legislators.

Herr Henke, a radical Independent member supported Herr Geyer's protest and declared the government's action in providing the militaristic environment was "in opposition to the spirit of real democracy." This remark brought forth ridicule from the other parties.

The assembly then began when the first shots were heard. The Independents left the chamber but returned a few minutes later. The radicals forthwith charged they had observed how the orders to shoot were given by the officers.

Pandemonium immediately broke loose. President Fehrenbach tolled the bell in vain for order. He then left his chair after having adjourned the session 45 minutes.

The chamber was emptied immediately deputies flocking into the lounging room and corridors. When the session was resumed the Independents at once began filibustering methods in efforts to have the debate shut off. Herr Geyer, Duvel, and Lauegang led the attack which President Fehrenbach tolerated for a few minutes after which he warned the "members they would be forcibly removed from the chamber if they continued."

His admonition was unheeded and Herr Fehrenbach closed the senate temporarily and announced the three Independents would be barred from the next sitting.

Democrats Issue Appeal. Berlin, Jan. 14.—The Social Democratic party has issued an appeal to its members not to allow themselves to be provoked by Independent and Communist "wire pullers," who are directly responsible for the bloodshed and want to continue playing an unscrupulous game with human lives.

The appeal asks whether the workers will permit national representation to be placed under Germanism and tells them that the German nation can be saved from complete destruction only by work.

Conservative citizens of Berlin call for government measures to prevent further riots, especially those dreaded in connection with the celebration Thursday of the anniversary of the death of Dr. Liebknecht and Rosa Luxemburg. Vorwarts editorially declares the police showed the utmost patience in the rioting Tuesday and did not fire until ten policemen had been severely wounded. It adds that neither the government nor its organs were responsible for the bloodshed.

All the rightist newspapers also support the government and welcome the proclamation of martial law.

The conservative papers regret that the measure was not applied sooner by way of precaution, and for this reason shift the responsibility for the bloodshed to the government.

Report Fifty Killed

London, Jan. 14.—Eye-witnesses estimate the casualties in Berlin on Tuesday at fifty killed and one hundred wounded, according to the Reuters correspondent. Bullets took a heavy toll, he says, and the police finally were compelled to throw bombs among the rioters, causing a panic in which many persons including women were trampled under foot.

2500 WATCHMEN TO GUARD 69,000,000 GALLONS LIQUOR

WASHINGTON, Jan. 14.—Employment of a force of 2,500 watchmen to guard 69,000,000 gallons of liquor held in government bonded warehouses is planned by the internal revenue bureau to protect the liquor against thefts which are occurring daily. Prohibition Commissioner Kremer today told the house appropriations committee. He asked that congress make \$2,000,000 available immediately for establishing the guard.

No plan for final disposition of the liquor has been determined upon, Mr. Kremer told the committee, adding that the permissive withdrawals after constitutional prohibition becomes effective would be so few as not pay the expense for maintaining the guard.

Congress, he suggested may be asked to solve the problem of disposing of the liquors and committeemen suggested its concentration in a place. Such a plan of concentration, Mr. Kremer said, is being considered by the bureau officials.

Seventy five thefts have been reported from the warehouses in the last few months, despite iron doors and bars the prohibition commissioner said.

Distillers, who own the liquor were said by the commissioner, to be pressing the bureau for an increased guard because they are compelled under their bond placing liquor into the warehouses to pay \$6.40 a gallon for withdrawals, and thefts come within this provision.

More than half of the liquor—approximately 39,000,000 gallons—is in Kentucky warehouses. Large quantities also are stored in Indiana, Ohio, Illinois, New York, Maryland, and in practically every state there is some liquor in storage.

CONSTITUTIONAL QUESTIONS TAKEN UP

Rural District Delegates Oppose Single Committee Considering Industrial, Labor and Agricultural Affairs.

SPRINGFIELD, Ill., Jan. 14.—Consideration of constitutional questions pertaining to industrial affairs, labor and agriculture by one committee brought vigorous protests today from members of the Illinois constitutional convention who represent rural districts.

The opposition to a single committee for consideration of proposals relating to these three subjects resulted in the establishment of a separate committee of fifteen members to which will be referred all proposals on agricultural topics.

Henry M. Dunlap, Republican, of Champaign, led the fight for a committee on agriculture. His motion to establish this committee was adopted by a vote of 53 to 36.

The convention adopted the report of the rules and procedure committee with a few amendments late today and adjourned until 10 a. m., tomorrow.

Before adjournment resolutions of regret over the death of Michael E. Sullivan of Chicago, delegate from the second district were adopted and a committee was appointed to attend his funeral. Mr. Sullivan died at Chicago Monday night.

Surviving members of former constitutional conventions will be extended the courtesy of the floor of the convention by an amendment to the rules offered by Thomas R. Rinaker, Republican of Carlinville, and adopted by the convention.

An amendment to compel registration of persons appearing before committees was offered by B. F. Dove, Democrat of Shelbyville, but was defeated. A proposal that each qualified voter be mailed a copy of the final draft of the constitution made by M. A. Michaelson, Republican of Chicago, was rejected.

Following adoption of the rules, President Charles E. Woodward's expected to consider appointment of committees. The president of the convention is empowered by the rules to name all committee members. There are 294 committee appointments to be made.

It is probable that President Woodward will ask each delegate to express a preference for committee appointments and that an adjournment will be taken until next week in order to give the president time to consider the membership of committees.

CHEYENNE GREET GENERAL PERSHING

CHEYENNE, Wyo., Jan. 14.—Among his old neighbors and the friends he made while stationed at Fort D. A. Russell, General John J. Pershing struck straight at Bolshevism in an address here today. "If we cannot convert these reds, we can at least deport them," the general declared. The speech was made at a dinner. In introducing the general Governor Carey of Wyoming said: "General Pershing finished the war which all Europe couldn't finish."

"The time has come for America," said General Pershing, "to take full note of these anarchistic tendencies and prevent them from growing. Everyone living under the protection of the American flag should be compelled to learn the English language and something concerning our laws and customs. Until we awaken to the danger of Bolshevism this danger will be constantly on the increase. We must take action at once."

General Pershing today visited the graves of his wife and three children who are buried in a local cemetery.

MANY BODIES REMOVED.

St. Johns, Jan. 14.—The Belgian steamer Anton Van Driel from which only three men were rescued when wrecked off the entrance to St. Mary's Bay two weeks ago, has broken up and 21 bodies have been recovered, according to a despatch received today from Trepassy.

FOUND DEAD; EATEN BY HOGS

La Port City, Iowa, Jan. 14.—Grant Salmon, age 55, was found dead and partly eaten by hogs in the pen on his farm, 5 miles from town yesterday afternoon, after a search which started when he did not return to his home for lunch.

PLEA OF OPERATORS AND MINERS ENDS

Coal Commission Will Begin Examination of Facts at Issue Today

MANY FIGURES GIVEN BY HEADS

WASHINGTON, Jan. 14.—A third day of argument before President Wilson's commission for settling the coal strike left it practically ready tonight to proceed to examination of the facts at issue between the miners and their employers.

The last of six spokesmen for the mine workers finished the preliminary statement of the case for the men today and Ralph Crews, counsel for the operators, likewise completed the general statement in opposition. Operators in the central district will have one more argument, at the beginning of tomorrow's session by Phil H. Penna of Terre Haute, Ind., and thereafter the commission will begin consideration of testimony and documentary evidence.

Frank Farrington, of the Illinois miners, in closing for the miners, estimated the advance in living costs since 1914 in Illinois mining centers at from 110 to 178 per cent. Yearly earnings of coal miners in Illinois however, he said, had increased only from approximately \$700 in 1913 to \$1,390 in 1918. In the light of these figures he said the miners' claim for a 60 per cent increase in wages and thirty hour week was justified.

John Moore and E. Stewart, presidents, respectively, of the Ohio and Indiana districts, preceding Farrington, dealt more particularly with the internal differences and differentials. John L. Lewis, acting president of the United Workers gave out a statement explaining the 30 hour week demand as an endeavor by the miners to distribute their work throughout the year.

Attorney Crews opened for the operators with the declaration that the 60 per cent wage increase was the real issue before the commission. He stamped the present per cent increase demand as fraught with "staggering consequences."

Likewise, discussing the 30 hour week, Crews said it was only an incorrect economic theory which made the miners' leaders believe that such system could be maintained.

The commission will be held in the afternoon by the department of camp activities. Under the bill of Representative Strong, Republican, Kansas, the secretary of war should be authorized to settle claims at his discretion.

THINKS CLAIMS SHOULD BE SETTLED

Washington, Jan. 14.—Major General Leonard Wood, said today before the house committee on war claims in connection with the bill authorizing compensation for persons who constructed buildings and otherwise expended money in connection with amusement enterprises at Camp Funston, Kansas, where he commanded and who suffered loss when their ventures were terminated. He favored adjustment of such losses in some cases.

The leases were for a five year period and the enterprises were fostered by the department of camp activities. Under the bill of Representative Strong, Republican, Kansas, the secretary of war should be authorized to settle claims at his discretion.

TAD JONES WILL RETURN TO YALE

SEATTLE, Wash., Jan. 14.—S. Tad Jones, former Yale football star and coach today telegraphed Yale saying he would grant the request that he return as coach next season. Jones is general manager of a ship building corporation of Seattle. He intends to get a leave of absence and begin coaching September 1, 1920.

Jones said today he would serve as head coach with compensation. He will have the option of re-remaining as coach during the 1921 season. Jones was Yale quarterback in 1905, 1906, and 1907.

Once before in 1916, Jones answered a call from Yale and went back to whip the eleven into shape.

CAILLAUX TRIAL SET FOR FEB. 17.

Paris, Jan. 14.—The opening of the trial of Joseph Caillaux, former premier of France charged with intriguing to bring about a premature and dishonorable peace with Germany was tonight fixed for February 17. M. Caillaux appeared before the senate sitting as a high court late this evening after a long wait while the senate was electing a president and other officials. He looked pale and drawn.

WOMEN SHOULD FLY.

Chicago, Jan. 14.—Women should fly as a matter of health, Miss Ruth Law, aviatrix, said in an address at the Aeronautical show here today.

"Within a few years," she said, "every physician will own a machine or an interest in a machine so that he can send his patients who have suffered from indigestion, a high fever, or a cold, to the height of a mile in the air and send them west. Nothing is so refreshing as a spin in a flying machine."

BANDITS MAKE \$6,000 HAUL

Philadelphia, Jan. 14.—Four armed bandits held on the Overbrook Bank in the suburbs today, got \$6,000 in cash and some securities and escaped after holding up the cashier and the other employees.

It was one of the most daring daylight robberies ever executed in this city.

ADMIRALS CALLED BY SENATE COMMITTEE

Complete Investigation of Navy Decorations Award Will Begin Friday.

WASHINGTON, Jan. 14.—A list of fifteen admirals, headed by Rear Admiral William S. Sims, was submitted to Secretary Daniels today by Senator Hale of Maine, chairman of the senate naval sub-committee on investigation of navy decorations awards with the request that the officers be summoned to appear before the committee which will hold its first meeting Friday. Included in the list are Rear Admirals William S. Benson, retired former chief of naval operations; Austin M. Knight, retired head of the special board on naval awards; Charles J. Badger, retired general board and Henry T. Mayo, former commander of the Atlantic fleet. In addition the committee requested the appearance of Major George Barnett, commanding the marine corps, and of all bureau chiefs.

Admiral Sims, who recently wrote Secretary Daniels, sharply criticizing the secretary's action in changing recommendations for war honors made by commanding officers and refusing the distinguished service medal awarded him should the list of awards stand as announced, will be the first of the officers to testify before the sub-committee at Friday's hearings.

Secretary Daniels announced today that he had received another letter of a highly controversial "nature" from Admiral Sims.

There were indications that the commanding officer of all United States naval vessels sunk or seriously damaged by submarine attack during the war, the awarding of medals to whom has entered into the controversy—would be called after the first list of witnesses had been heard. Secretary Daniels will be given an opportunity to appear before the committee later, members said.

ANOTHER HARD BLOW TO "WETS"

CHICAGO, Jan. 14.—The Illinois search and seizure act has put all owners of stored liquor in this state "out of luck." Club men and others who planned to move their stocks to give an federal permits were given a jolt when they learned the state law prohibits transportation of liquor in any form on all public highways.

"The government is perfectly willing to let the owners of liquor remove it to their homes," said Major A. V. Dalrymple, federal prohibition commissioner, "but it would have no effect on the Illinois law. Furthermore that law applied before Jan. 16, as well as after that date."

Major Dalrymple said that the same provision would forbid an owner to move liquor from one house to another if he changes residence.

Physicians and druggists who have been studying the prescription rules and regulations established under the Volstead act were dubious today as to whether other class would care to attempt fulfilling the numerous conditions. The Chicago Retail Druggists' association after rejecting a resolution condemning the law, voted to appoint a committee to investigate distribution blanks, stubs and report forms are provided for under the act.

"COMES UP FOR AIR" FROM HERITAGE

CHICAGO, Jan. 14.—William Arthur R. Mitchell, one time newspaperman today "came up for air" from his hermitage in the coop—the center of Chicago's low-town business district—where for thirty years he lived a recluse on one of the most populous streets of any city in the world. A census taker found him, an aged man, but keen and active, in a little room on the third floor of an office building.

Mitchell said he had read every newspaper published in Chicago every day for thirty years; that he had not missed a single show in the loop in thirty years.

"And that," he added, "includes the movies. With all the movies springing up now it keeps a body right busy."

"I wondered why they didn't get me," Mitchell told the census taker. Chicago thinks the loop is just its workshop. Nobody thinks anybody might live here—except in the hotels.

"Down town is chock full of old folks like me. We love Chicago. We want to stay right in its heart, all the time."

NORTHWESTERN U. BROKE.

Chicago, Jan. 14.—Plumbers, hired to fix the plumbing at Northwestern university are paid \$8.00 a day but professors receive not more than \$4.00 a day, according to William J. Farquharson, financial director of the university.

SUGAR PROFITEERS INDICTED.

Chicago, Jan. 14.—Indictments charging profiteering in sugar were returned in the federal district court here today against seven officials of three wholesale grocery concerns. The true bills were part of a batch of 29 or more voted by the grand jury.

DEMOCRATS SELECT NEW LEADER TODAY

Expected to Bring Further and More Determined Efforts to Ratify Pact

LEADERS EXPECT STIFF CONTEST

WASHINGTON, Jan. 14.—Further and more determined efforts to bring about ratification of the peace treaty is expected to follow selection tomorrow by Democratic senators of a leader to succeed the late Senator Martin of Virginia.

Senatorial conferences today were devoted almost exclusively to the leadership race between Senator Hitchcock of Nebraska, administration manager in the treaty contest and Underwood of Alabama, former Democratic leader in the house.

Managers of the Hitchcock and Underwood campaigns while both claiming victory agreed tonight that the membership was very evenly divided and that one vote might decide the contest.

Effect of the Democratic leadership on the treaty is predicted on variant positions taken recently by Senators Hitchcock and Underwood on ratification. Although both have urged unreserved ratification of the treaty, Underwood declared several days ago, that if unable to secure complete ratification he was prepared to support a resolution of partial ratification, excluding the league of nations covenant and leaving it for settlement in the fall sessions. Senator Hitchcock has opposed such a course. Another factor is the authorship of Senator Underwood of the pending motion for appointment of a senate committee on conciliation.

Supporters of Senator Hitchcock have been urging his election as an endorsement of his ex-officio minority leadership during the illness and since the death of Senator Martin. They also have emphasized that his defeat might be construed as repudiation of the administration policy as regards the treaty and might have a harmful effect on future action.

In behalf of Senator Underwood it has been denied that his victory would or could be regarded as repudiation of the treaty management, either of Mr. Hitchcock, or the administration. The Alabama senator's friends insist that the treaty is a temporary issue which should not be a factor in election of a permanent leader, and have emphasized that Mr. Hitchcock, as ranking Democrat on the "foreign relations" committee would continue in charge of the treaty sales and all other questions of foreign relations coming before the senate even should Mr. Underwood be chosen leader.

Nearly all of the Democratic senators had arrived tonight for the election tomorrow. Absent senators will be permitted to cast their votes by wire.

Among the "few conferences" today on a treaty compromise, was discussion between Senators Kenyon, Republican, Iowa, and Underwood, Democrat of Alabama, regarding feasibility of a joint conference between Republican and Democratic senators endeavoring to harmonize differences. Senator Lodge, of Massachusetts, Republican leader and Senator Tenroot, Republican, Wisconsin, a "mild reservation" Republican, also had a conference at which the various Democratic compromise suggestions were understood to have been considered but without evident result.

Mr. Masaryk said the country he represented had opened 4,300 schools since obtaining its independence when previously the Austrians had permitted 148.

CZECHO-SLOVAK, A LAND OF OPPORTUNITY

Chicago, Jan. 14.—Czecho-Slovakia is a land of business opportunity for America, according to John Masaryk, son of President Thomas G. Masaryk of the Czecho-Slovak republic and charge d'affaires of that country at Washington who arrived in Chicago today for conferences with Czecho-Slovak leaders.

Mr. Masaryk said the country he represented had opened 4,300 schools since obtaining its independence when previously the Austrians had permitted 148.

IOWA BANK ROBBED.

Pleasantville, Iowa, Jan. 14.—Robbers entered the First National bank here some time last night and took federal bonds and stamps estimated to be valued at \$50,000.

One of the Peoria papers is fostering a campaign to lessen the gambling evil in that city. Open gambling is complained of and there really seems to be some public sentiment against it in the one time distillery city. With liquor gone Peoria gives promise of taking on many virtuous ways, with which it has had little familiarity.

Secretary Baker says that Gen. Wood can be an active candidate for the presidency without resigning from the army—that the war department will be pleased to grant a leave of absence. Evidently Mr. Baker is seeking to make up for some of the unfairness previously shown to the distinguished general.

Miss Helen Taft in an open letter to the women of Pennsylvania

strongly urges them not to form a separate woman's party. Certainly this is a bit of good advice for nothing could be more fatal to the interests of the women or serve to more quickly rob them of whatever benefit suffrage gives them than a movement to form a separate party. Their way to bring desired results is by working with the parties as already organized.

Gov. Lowden's recent visit to Washington brings to mind the fact that he is not a stranger there. The Illinois executive served a number of years in congress and the friendships made then have continued thru the years. In a number of his recent addresses Gov. Lowden has given special emphasis to the thought that the government must take the lead in establishing thrift and like virtues if there is a return to normal living conditions. In other words, the governor is appealing for national and state economy and he finds the suggestion heartily approved.

WOMEN CAN AID BY PROGRAM

Jacksonville club women are going to join in the state movement to bring about lower costs of household necessities. The result depends upon just how much in earnest the women are in this movement. There are 70,000 club women in the state and it can be assumed that they represent nearly that many families. If the average family consists of five members, this will mean 350,000 people immediately affected. When one takes into account the influence that may radiate from this very large number of people, it is easy to see the possibilities in the movement. A few months from now the results will show.

just how much in earnest the women are in this big program.

HIGHWAY ENGINEERING TAUGHT IN MANY AMERICAN COLLEGES

Encouraging interest in those who hope some day to see the United States close-bound by a well-planned system of roads, says Popular Mechanics for February, is the recent report that of 127 technical schools throughout the country, 115 are now giving courses in highway engineering. Such response of the colleges to popular enthusiasm not only gives permanence to the "good roads" movement, but proves that the road work of the future is to be in expert hands. And that these college-trained men are to have work to do is shown by another report, which reveals that the treasuries of counties, states, and nation now hold a grand total of \$1,300,000,000 for road building and maintenance.

"NO PLACE TO GO"

The stories that come from other cities of householders and merchants who are compelled to move and really have no place to go are duplicated in Jacksonville. There is more than one business man in the city now who is puzzling over the problem of where he shall open for business when he moves from his present location. Some changes are being made necessary by the sales of property, others thru the expiration of leases.

While in some instances the persons most closely interested in the matter are disturbed over the situation, generally speaking it is fortunate for the city that the demand for both residence and business properties is so active and really exceeds the supply of desirable properties. The inevitable result is higher rentals and it is almost certain too that there will be an era of building activity opening with the coming season. The prices for materials and labor may be high but not higher than in other values. Investments in property will be larger, but that same thing will be true of the rental returns.

Rippling Rhymes By Walt Mason

One Kind of Thrift.
I earn six hundred bones a year, and have some fourteen aunts to feed; and now that everything is so dear, it takes some figuring to do it. I'm thrifty in the higher sense, altho I play in evil luck; my income covers my expenses, no man can say I owe a buck. My neighbors earn three thousand wheels while for six hundred wheels I grind; and doubtless, in his pride, he feels that I'm the selling plater kind. And creditors to his abode are wearing paths, the long year thru; collectors linger in the road to touch him for some bill that's due. My aunts are always wanting things; they yearn for things no spinster needs, for furbelows and diamond rings, canary birds and widow's weeds. They say, "Your credit at the store is right side up, and three feet wide; why must we always walk the floor and weep for things that are denied?" I answer, reeling slightly bored, "It is no use to scream and pout; the silly things we can't afford are just the things we can't without." Herein behold the soul of thrift: To pass up what we can't afford, the new fur coat, the motor swift, the trotting with a glided horde.

COUNTY SUNDAY SCHOOL OFFICERS' CONFERENCE

Will Be Held Tomorrow at Centenary Church—Program for the Day.

A conference of especial interest to all those interested in organized Sunday School work will be conducted in Jacksonville tomorrow at Centenary church by the Illinois Sunday School Association.

The purpose of the conference is to help county, township and district officers in their endeavor to do better work. The conference plan is considered the best way to receive instruction and inspiration. Here the Sunday School workers will meet and discuss with other county and township officers what to do and how to do it in the best and easiest way.

Anyone interested enough to be a county, township or district officer now or some time later on may attend the meetings.

No tuition or registration fee will be required and no offering will be taken.

The Program.

The program will be carried out as follows:

COUNTY TAXES

The total county tax rate as announced yesterday by County Clerk G. L. Riggs is \$5.58. Figures previously given indicated a somewhat higher rate. The registered bond tax will be 7 1/2c, the county bond tax 3c instead of 4 and the school tax in Jacksonville \$1.95 instead of \$2. The taxes as a whole will be increased from 13 to 15 per cent this year instead of 25 per cent as previously estimated.

REMOVAL NOTICE

OLD JACKSONVILLE

EDWARD SCOTT

By Insley Moore

(Member Illinois State Historical Society)

A longtime well known and prominent citizen of Morgan County and of Jacksonville was Edward Scott.

A Yorkshireman. Mr. Scott was born in Yorkshire, England, May 10, 1828, but the little boy was not to know much of England as a resident, for his parents Zachariah and Elizabeth Scott immigrated to America, and settled four miles west of Jacksonville, either in December of 1829 or 1830. But "Hed" was here in time to be a "Snow Bird" of the historic storm winter of 1830-31.

Five Scotts. It may be an Irishism to say it, but all these Scotts were English, being children of Zachariah and Elizabeth. So far as known the most prominent of them, next to Edward, was Thomas, who survived the former.

Zachariah Scott entered some land in section 20, township 15, range 11, which continued to be his residence until his death July 2, 1846. Mrs. Scott followed him in June, 1847. They were members of the Episcopal church.

Edward Farms.

Edward got some primary education, and farmed till 1847. The next two years he spent in studying up, and fitting himself for better position. He then became a clerk for Thomas C. Routh, a grain dealer, for three years, from 1849 Mr. Routh had a warehouse across the "Sangamon and Morgan R. R." track, just north of the present Wahash freight house. Scott then engaged in merchandising, until September, 1858. He was appointed a deputy sheriff, for two years, in 1858; then being elected sheriff for two years.

In Politics and Trade.

Mr. Scott became a partner with Edward Lambert, in February, 1864, in a grocery store, at the exact north-west corner of the Square. This held him until 1869, when he was elected County

Judge of Morgan—serving four years. He next became president of the First National Bank of Jacksonville, from which the present Farrell Bank is descended. He also, in 1874, became interested with Mr. James H. Hackett, in the Morgan Mills—flouring—on N. Main street, on the north bank of the Mauvalstee. In 1884, Mr. Leonard W. Chambers became a member of the firm of Scott, Hackett and Chambers; and by the way, they all were Knights Templar.

Mr. Scott was a Democrat politically, so it was easy, after becoming a member of the State Board of Equalization, for him to remain some years in that office.

A Mason.

As stated above, Mr. Scott was a Free Mason, having been a charter member of Jacksonville Lodge No. 570, of which he was made Master.

He was also president of the Horticultural Society.

A Churchman.

Mr. Scott was a member of the Presbyterian church, First, and State street.

Marriages.

Edward Scott was married to Miss Stringham, daughter of Philip Stringham, by whom he had three children, Mary, who married Clarence L. Dawson, and now resides in the West; Fannie, who married Dr. E. D. Block, and Harry. His wife died, and he married the widow of Warren Bibb, mother of Wm. W. Bibb, who died July 20, 1917. She was Miss Minerva Dunlap, daughter of Wm. Dunlap, brother of Col. James and Judge Stephen Dunlap.

These Scotts had no children.

They had their last residence in the house, second west from Pine street, on north side of West State street.

Deaths.

Judge Scott died February 24th, 1899, and his wife, Minerva Dunlap Scott, followed him May 14th, 1904.

ILLINOIS COLLEGE WILL PLAY SATURDAY

Will Have St. Louis University For Opponent—Unable to Arrange Double Header.

Coach Harmon announced last night that Illinois College would only play one game with St. Louis University Saturday. The coach has been trying to arrange for two games but St. Louis would not agree to the proposition.

Yesterday he received word from the coach of the St. Louis squad that they would be here without fail. The game will be played in David Prince gymnasium and will be called promptly at 7:30 o'clock.

Harmon is having the time of his life to pick a varsity team. He has so many high class men that when he picks a combination which he believes is the class of the squad the fellows who are not picked proceed to wallop the Coach's combination. The result is that there is the greatest fight for places on the first team that has ever been seen at Illinois since basketball was inaugurated. One thing the coach is assured of, however, is a fast team with plenty of substitutes who are all good.

LADIES DESIRING NEW SPRING HATS, CAN SEE A WONDERFUL LINE TO CHOOSE FROM, AT HERMAN'S.

RECRUITING CAMPAIGN

According to word received from Capt. Guy W. Skinner, in charge of the U. S. Army recruiting service for the Peoria district, a Liberty Truck with one officer and six men will leave Springfield this morning for Jacksonville and truck and crew will remain here for a period of two weeks for a recruiting campaign.

These detachments will arrive here January 19th.

Dear Mr. Griffith: "I have never cared for motion pictures. So many of them are cheap and tawdry, and the stories seem to have so little relation to life as it is."

"But the other day I went to see 'BROKEN BLOSSOMS' at the Geo. M. Cohan Theatre and I stand converted. If stories can be told in this wonderful way upon the screen, then a new art has indeed arrived—an art as important as that of poetry or music."

Kidding

Some wag—and I think I know who he is—sent me my last advertisement back with the endorsement, "I am going to wear my old clothes Sundays and until you profiteers bring prices down to where they should be—many thousands of us feel this way."

NOW LISTEN—

Wool goes into clothes and sheep produce wool—I do not produce any—I have to buy—The sheep don't get anything out of the deal but a haircut. The question is—WHO MAKES THE PROFIT IN CLOTHES?

I do not know and I have been in the tailoring business about all my life, BUT I DO KNOW there is no us in KIDDING about the cost of anything we have to buy today. Labor, cloth, overhead, and about one million other things enter into a suit of clothes or a glass of milk or any other old thing you and I buy today. AND WHAT IS MORE—I was in Chicago a short time ago and saw tailor made suits selling at \$125 and overcoats at \$150 which my kidding friend can buy at this shop for less than 60 per cent of said prices, and he has my permission to go to Chicago and find out for himself.

Now don't let us kid ourselves—CLOTHES ARE NOT ONLY HIGH NOW, BUT THEY ARE GOING STILL HIGHER AND UNLESS YOU BUY NOW YOU'LL PAY MORE, AND I CANNOT HELP IT—IF THE TAILOR ALONE CHARGED MORE FOR HIS WARES MY FRIEND WOULD BE RIGHT.

CLOTHES ARE CHEAPER NOW — TODAY—THAN THEY WILL BE FOR AT LEAST TWO YEARS TO COME.

FORMER RESIDENT HELD UP IN CHICAGO TUESDAY

James H. White, Wholesale Celery Dealer in Metropolis, is Robbed by Students Who Are Later Captured and Money Recovered.

James H. White, a former resident of Jacksonville and a brother of Miss Laura White, principal of the Junior High school here, is among those residents of Chicago who have recently experienced hold ups at the hands of the numerous bandits with which the metropolis seems to be infected. Fortunately Mr. White suffered little inconvenience and no loss by his experience.

The Chicago Tribune carried the story on the first page of its home edition Tuesday morning. Mr. White has recently gone into the wholesale celery business for himself with offices on South Water street. Owing to the nature of his business it is necessary for him to arise early to reach the office about 5 a. m.

The Tribune carried the following account of the hold up:

J. H. White of 4500 Sheridan Road stepped into his front hall early Tuesday morning to go to his apartment when three youths presented revolvers and relieved him of \$47.

He ran to Wilson avenue and Broadway when they had left and told his story to Policemen John Murphy and William Strauss.

The two policemen, reinforced by Policemen George Winthof and William Thorpe, at once began a search of the neighborhood.

At Broadway and Montrose Winthof grabbed John Dawson of 6425 University avenue, 20 years old, just as he was about to enter a Yellow taxicab.

Murphy a bit later picked up the trail of Hugh Bluns of 6221 Ingleside avenue, 20 years old, whose home town is Middletown, Ill.

He gave chase when Bluns broke into a run and fired eight shots at him. Finally Murphy captured his man in a back yard.

Bluns and Dawson admitted, when taken to the station, that they are students at the Chicago Technical college and papers found on them seem to bear this out.

The boys say they were cabaretting and had committed the robbery while under the influence of liquor obtained at Tommy Thomas' cabaret in West Madison street.

They pleaded it was their first offense.

The \$47 taken from White, together with a revolver, were found on Dawson.

Dance Thursday night, Woodmen hall. New, old and square dances. Large's orchestra.

WINCHESTER

Winchester, Jan. 14.—Paul Markillie left Wednesday afternoon for a business visit in St. Louis.

Miss Lucile Bishop is again confined to the home of her uncle Edward Rohrig on account of illness.

W. B. Hedges of Quincy was a business visitor in Winchester Wednesday. He is successor to William Tapp, a well known salesman who "made" Winchester for many years for his firm.

Mrs. Clarence Fox of White Hall is visiting her parents, Mr. and Mrs. D. T. Smith this week.

Mrs. Myrtle Shamp returned Wednesday to her home in St. Louis. She was called here a few weeks ago by the serious illness of her father, H. P. Levis.

Mr. Levis is very much improved in health and he and wife accompanied Mrs. Shamp home for the remainder of the winter.

Mrs. Elmer McCullough and daughter Miss Anna left Wednesday for a short visit in St. Louis.

Mrs. Carl Meaders and children expect to leave Thursday for a short visit in Paducah, Kentucky.

Mrs. Ben Milligan and Mrs. Minnie Nortrup of Barrow Station were Winchester visitors Wednesday.

Superintendent of Schools, C. W. Smith and Judge F. C. Funk left Wednesday afternoon for Manchester where they expected to take part in a program given there Wednesday evening in the interest of a community high school for Manchester district.

Overton Brothers, staged a tractor demonstration movie show at the Lyric Tuesday which was well attended. More and more interest is being taken in the "iron mules" by the farmers all over the country and the attendance at the Winchester show was an evidence of this fact locally. Following the screen show at the Lyric about fourteen of those who took part in the show enjoyed a six o'clock dinner given at the Transient House.

Dance Friday night, at Woodmen hall. Large's Orchestra, 55 cents.

ALEXANDER

Alexander, Jan. 14.—George Becker of Oklahoma is visiting his brother, William Becker, north of Alexander.

Mr. and Mrs. Arthur Smith entertained a number of young people of Alexander at their country home north of Alexander at a dance Tuesday evening. Refreshments were served at a late hour and all had a most pleasant time.

A dance and party was given at home of Mr. and Mrs. William Johnson of northeast of Alexander Tuesday evening. Refreshments were served and very pleasant social time enjoyed.

Albert Downing of Alexander went to Jacksonville yesterday to visit his wife who is a patient at a Jacksonville hospital.

Misses Mammie and Dovie Cornington of Alexander were Jacksonville shoppers Wednesday.

EUREKA MAN CHOSEN HEAD OF ASSOCIATION

Howard Leonard of Woodford County Elected President of Illinois Agricultural Association—American Farm Bureau Federation Constitution Ratified.

Peoria, Jan. 14.—(Special to The Journal.)—Howard Leonard of Eureka, Woodford county, one of the original leaders of the Illinois Agricultural Association, when it was organized five years ago, was unanimously elected president of the organization at the Peoria Convention today. Mr. Leonard has previously served as treasurer, and in his own county has been president of the Farm Bureau ever since it was organized. He is actively engaged in farming on one hundred seventy

eight acres in Woodford County, where he has lived on the same farm thirty-one years.

"The year 1920 will probably see farmers undertaking the biggest things they have ever ventured to tackle," said Mr. Leonard.

Only men whose chief business is actual farming may hold office in the Farmers' Association, according to a new clause put in the Constitution today. This clause also excludes from official position any man who holds any public office, either state or national. It is generally conceded that these two provisions will aid in protecting the Association from partisan politics. Ratification of its constitution by the I. A. A. this morning brings the American Farm Bureau Federation to a working basis. Illinois is the tenth state to ratify, thus fulfilling the requirements for starting the national federation into action at its next meeting, March 3.

The Illinois Agricultural Association and its job was the topic of one of the greatest addresses ever made in the state, by Dean E. Davenport of the College of Agriculture. Before 300 farmers at the wind-up meeting, he told the story of the farmer, his great organized strength, his problems of the past and today, his dangers, and his obligations to the public and society.

Following are a few of his statements: "The farm-bureaus and their federations, state and national constitute at once the most progressive, the most rational, the most representative, and the most powerful organizations ever devised by farmers. This organization is rational because it is founded and officered by the best and sanest individuals of the profession, not by the most radical as is too often the case, especially with Organized Labor. It is powerful because it will soon represent the combined strength and wisdom of at least a fourth of the farmers of America."

"The farmer must be wise enough to work with and not against the agencies that undertake the collection and redistribution of the products with which they deal. I am glad to know that the bulk of the wool clip of Illinois was marked this year thru the I. A. A. and the Farm Bureaus."

"The facts are that there is nothing in common between

farmers and Organized Labor except the obligation of a common citizenship and their duty to serve society, not to throttle or exploit it."

Against Organized Strikes.
The influence of farmers in the future will be cast toward the abolishment of organized strikes as a means of settling economic difficulties in the opinion of J. R. Howard, president of the American Farm Bureau Federation, who spoke before the Illinois Agricultural Association at Peoria last night.

"We must, all us farmers, agree that labor is our best customer," said Mr. Howard. "We know that both labor and the farmer have been imposed upon by capital monopoly. We believe that congress can protect both labor and the farmers. If it cannot, Democracy is a failure. We know it can be done, and if it is done there shall be no more strikes. I am in favor of that kind of legislation, and I believe it is going to come soon." Mr. Howard also made a strong plea against radicalism and urged that it be kept out of the national organization of farmers.

Funerals

Mack.

Funeral services for Walter J. Mack were held from the undertaking parlors of W. W. Gillham at 2:30 o'clock Wednesday afternoon in charge of the Rev. Myron L. Pontius, pastor of Central Christian church. The flowers were cared for by Mrs. McCall and Mrs. H. W. Mack. Burial was in Diamond Grove cemetery the bearers being: Harry Dewart, John Ryan, George Wheeler, Chester Sharpe, O. Heint and Howard Wannamaker.

Chambers.

Funeral services in memory of Mrs. John I. Chambers were held in Jacksonville Wednesday afternoon following the arrival of the Burial train from the north. The remains in charge of W. W. Gillham were taken direct from the railway station to the family lot in Diamond Grove cemetery. There Rev. W. H. Marbach, pastor of State Street church, of which thru many years Mrs. Chambers has been a devoted member, read a number of passages of scripture and offered a prayer, full of fine feeling.

The flowers were cared for by Miss Eleanor Moore and Miss Margaret Burns. The bearers were: C. H. Russell, S. O. Barr, Dr. A. L. Adams, T. M. Tomlinson, Edward M. Dunlap and J. W. Walton.

Mr. and Mrs. J. H. McCune and son James accompanied the remains from Rushville to Jacksonville. As previously noted, Mrs. Chambers died Sunday night at the home of her daughter, Mrs. McCune in Rushville, following a week's illness from which she was apparently recovering.

Tuesday evening at the McCune home members of the family gathered in a brief service, Rev. Mr. Fisk, pastor of the Presbyterian church reading from the scriptures and offering prayer.

WORST STORM IN YEARS REPORTED

Halifax, Jan. 14.—Reports today from New Foundland tell of the havoc wrought along that coast by the winter's gales and seas. The highest waves in years were recorded reaching at Little Harbor Head at one time to the 200-foot high tower of the light-house, encasing it in 9-12 inches of ice. The keeper had to lower himself from the topmost window to chop away the heavy casing before he could restore the light service. The entire New Foundland coast is strewn with lobsters, clams and fish, tossed up by the tempestuous seas. Damage to shipping was severe.

DECLARES PROFITEERS MUST BE PROSECUTED

CHICAGO, Jan. 14.—A demand that all cards be placed face up on the table and the man found guilty of profiteering be eliminated, was voiced today by Fred Volland of Topeka, Kansas, president of the Kansas Retail Clothiers, before the National Association of Retail Clothiers.

"Prices or money," he said, "do not go up or down but are put up or put down."

Mr. Volland pledged cooperation with the fair price commission and said no matter whether the Lever act was legal it was the duty of all clothiers to cooperate with the government in enforcing its laws.

BRYAN STOPS IN CHICAGO
Chicago, Jan. 14.—William Jennings Bryan, who stopped in Chicago today on his way to Washington, predicted that the senate would ratify the peace treaty tomorrow.

"The people everywhere want action," he said, "instead of words." Mr. Bryan again denied there was a split between him and President Wilson.

WOULD GIVE INDIANS CITIZENSHIP

Washington, Jan. 14.—The house today passed bills introduced by Representative Carter, Democrat, Oklahoma, conferring citizenship upon all Indians born within the limits of the United States and providing for a final disposition of tribal property among Indians adjudged competent to administer their share.

NEW COMMERCIAL TREATIES WITH AMERICAN COUNTRIES

Washington, Jan. 14.—New commercial treaties with Ecuador and Nicaragua designed to foster trade development and facilitate work of traveling men were ratified today by the senate. Both recently were negotiated by Secretary Lansing.

Catholic Ladies' Aid

Meet With Mrs. Clancy.
The Catholic Ladies' Aid Society met Wednesday afternoon with Mrs. J. J. Clancy of South Clay avenue. There were about forty members present and two new members were taken into the society. After the business session a social hour was enjoyed. The next meeting will be held Wednesday, January 28 with Mrs. Edward Loneygan, 401 East Superior avenue.

Entertain'd Class

at Party.
Miss Mabel Esther Sturgeon entertained the girls of the Convent Sunday school class of which she is a member Wednesday evening at the home of her parents, Mr. and Mrs. E. B. Sturgeon, 345 East North street. Miss Nelson is the teacher of the class and the members meet in a social way at intervals especially during the winter months. The girls had a very pleasant time with games and other forms of amusement and excellent refreshments were served.

Entertain Friends.

Mr. and Mrs. Michael McCarty entertained a number of friends at their beautiful country home, three miles west of Murraville, Tuesday evening. The evening was spent in playing various games and music. At a late hour delicious refreshments consisting of oysters, coffee, ice cream and cake were served. Those present were: Mr. and Mrs. John Thady, Mr. and Mrs. Ed Maloney and family, Mr. and Mrs. James McCabe and son, Mr. and Mrs. Jesse Dean and daughter, Misses Alice Thady, Ethel Mellor, Gertrude Dean, Messrs. Joseph Maloney, Ora and Robert Mellor, Roy Thady and Sam Dean.

Parent-Teacher Meeting

at Lafayette School.
The regular monthly meeting of the Parent-Teacher Association of the Second Ward was held at the Lafayette school building Wednesday afternoon with a large attendance.

A musical play entitled, "Three Little Pigs," was given by the children of the school as well as a number of musical numbers. The cast for the play follows:

Ladies' Aid Society

Of Grace Church Meets.
The Ladies' Aid Society of Grace M. E. church met at the church yesterday afternoon at three o'clock. At the business session held reports for the year were read by the officers and the heads of the various committees of the society. The treasurer's report was read by Mrs. Paul Samuell. The following officers were elected for the ensuing year:

President—Mrs. George Baxter.
First vice president—Mrs. W. B. Rogers.
Second vice president—Mrs. J. R. Davis.
Third vice president—Mrs. S. J. Tompkins.
Recording secretary—Mrs. Rayfield Shoemaker.
Corresponding secretary—Miss Ida Lee.
Treasurer—Mrs. Paul Samuell.

Gave Surprise Party.

Mr. and Mrs. M. M. McComb who live east of Jacksonville on the Springfield road, were given a surprise party last night by their neighbors and friends. In the course of a few weeks Mr. and Mrs. McComb will come to Jacksonville and live at 928 South East street, which they recently purchased. It was because of this fact that the surprise last night was planned.

The uninvited but welcome guests brought liberal supplies of eatables with them and the event was a most happy one in every way. During the years of their residence in the neighborhood Mr. and Mrs. McComb have made a great many warm friendships which will continue thru the years. Among those present last night were: Mr. and Mrs. Harry Smith and family, C. B. Sherrer, Miss Barbara Sherrer, Mr. and Mrs. Lee Adams and family, Mr. and Mrs. Daniel Kelly and family, and L. Decker and family.

TO CLEAR TITLE.

Mrs. Flora German, by her attorney, W. E. Thomson, has brought suit directed against her husband, Albert German, who is not competent to attend to business matters. The purpose of the proceeding is to clear the title to a piece of property in Askew & Springer's addition, which the complainant now wishes to transfer.

CLAIMS HOOVER

A REPUBLICAN

Julius Barnes, Associate of Former Food Administrator Declares He Will Never be a Democratic Candidate for President.

NEW YORK, Jan. 14.—Herbert Hoover was declared tonight by Julius Barnes, his close associate to be a "progressive Republican," who "will never allow himself to be a candidate for high office nor allow his friends to make an effort in his behalf unless there shall come such indisputable evidence of such spontaneous and universal popular demand that it will overwhelm his present resolution not to enter politics."

Mr. Barnes, who is director of the United States wheat corporation was the principal speaker at the annual dinner of the National Wholesale Drygoods association.

Referring to reports that Mr. Hoover might be a Democratic presidential candidate, Mr. Barnes said:

"As a life long Republican I am reassured to believe that only one conceivable development could place him on the Democratic ticket in spite of all that has appeared in the recent press. I believe that could come only if overconfidence in their own political prospects blind the Republican party to adopt a non-progressive platform and to nominate candidates of reaction."

"The partisanship of Herbert Hoover extends only to the insistence of the maintenance of equality of opportunity in this country and to the support of that party exemplifying that ideal."

Mr. Barnes read a statement by Mr. Hoover giving his position on Socialistic theories. "The whole of these various sorts of Socialism are based on one primary conception, and that is, the productivity of the human being can be maintained under the impulse of altruism and that the selection of the particular man for his most productive performance can be made by some super-imposed bureaucracy."

"My emphatic conclusion from all those observations, is therefore that Socialism as a philosophy of possible human application is bankrupt."

"The paramount business of every American today is the business of finding a solution of these issues, but this solution must be found by Americans, in a practical American way based upon American ideals, on American philosophy of life."

PANIC CAUSES

BOUT'S POSTPONEMENT

Springfield, Ill., Jan. 14.—The snapping of a truss rod beneath the floor in a hall in which one thousand fight fans had assembled to witness the bout between Mike Dundee of Rock Island and Marty Henderson of Joliet, caused a panic tonight, but the hall was cleared without any accident. The bout was postponed, the promoters announced they would attempt to stage the fight at a later date in another hall.

The crowd alarmed by the breaking of the support made a rush for the exits, but was quieted by the proprietor of the hall. A preliminary was then started but was stopped immediately and the crowd was requested by Referee Johnny Connors to retire quietly. The exit was made without mishaps.

FRANK MUNSEY BUYS

NEW YORK HERALD

NEW YORK, Jan. 14.—The New York Herald will make the following announcement tomorrow morning:

"To Readers of the New York Herald:
The New York Herald has passed into the hands of Mr. Frank A. Munsey, who has purchased all of the publishing interests of the late James Gordon Bennett, consisting of the New York Herald, the Evening Telegram and the Park edition of the New York Herald. Mr. Munsey will make known in due time his plans for these newspapers."
(Signed.)
"Rodman Wanamaker."
"Guaranty Trust Company, executors of the estate of James Gordon Bennett."

PRISON CONDITIONS FOUND SATISFACTORY

PORTSMOUTH, N. H., Jan. 14.—Assistant Secretary of the Navy Franklin D. Roosevelt, after investigating conditions at the naval prison as a result of the charges against the prison commander, Lieutenant Commander Thomas Mott Osborne, announced that he had found conditions satisfactory. Mr. Roosevelt said that he would make no report to Washington at this time but had left with Commodore Osborne the two specific charges alleging mismanagement submitted to the department for him to answer in person. Mr. Osborne is expected to make public his reply soon.

OREGON RATIFIES WOMAN'S SUFFRAGE

Salem, Ore., Jan. 14.—Ratification of the national equal suffrage amendment in Oregon, was completed today when the president of the senate and the speaker of the house in the legislature affixed their signatures to the declaration of ratification adopted finally yesterday and it was filed with the secretary of state.

FAIL TO REACH FINAL VOTE

Washington, Jan. 14.—After working through the session on minor amendments the senate failed to reach a final vote today on the water power development bill. Senators said, however, that there was every assurance of passing the bill tomorrow. Senator Walsh, Democrat, Montana, led the effort to have the senate reconsider an amendment providing for development of great falls in the Potomac river near Washington.

With the Sick

Miss Marie Weir of Hillview, who has been a patient at Our Savior's hospital, for some time, was able to return to her home Tuesday.

William Busher is again on the job at Zahn's garage after a week's illness.

Mrs. James Fitzsimmons of Rockbridge returned to her home Tuesday after an illness at Our Savior's hospital.

Mrs. Ben Chapin of South Water street is in Roodhouse, called there by the illness of her niece, Mrs. Edward Whaley. Mrs. Whaley was formerly Miss Helen Crane.

Miss Dorothy Weber is confined to her home on South Main street by illness.

Henry Ricks is reported ill at his home on East North street.

Richard Boston, who has been suffering with pleurisy following an attack of pneumonia, was slightly better yesterday. However, Mr. Boston is still very weak and is far from being a well man.

At Passavant Hospital.

LeRoy Hale and Norman Hubert of Bluffs, who were so seriously injured in the automobile accident on the Mound Road recently, have improved rapidly at Passavant and were able to leave the institution for their homes in Bluffs a few days ago.

Mrs. Robert Cassell of West College street, underwent an operation at Passavant hospital yesterday morning. Last night it was reported that she was doing nicely.

Charles Gillette is a patient at Passavant hospital.

Little Donald Wolff, aged three and one-half years of Carrollton, a surgical case in the hospital, is improving in a satisfactory manner.

Fred Woodward of North Church street, was taken to Passavant hospital yesterday. Mr. Woodward has been suffering from ill health for a number of months at his home and his many friends wish that his recovery will be rapid.

Mrs. Edna White of 530 Sharpe street, was able to return to her home yesterday afternoon much improved.

Joseph Myers of 221 East College street, was able to return to his home Tuesday after undergoing a surgical operation at Passavant hospital. Mr. Myers, who is employed by the Zoll grocery, was a patient at the institution for a period of two weeks.

Mrs. Edward Rohrig of Winchester was able to return to her home last Friday after undergoing a serious operation at Passavant.

Mrs. Bozarth, of 742 Chambers street, has returned to her home with her baby daughter.

Oliver Gaddbury, of 327 Cox street, the lad who some weeks ago had the misfortune to lose a leg on the railroad, was sufficiently recovered to return to his home last Friday.

Mrs. Paul Hempel of 307 North Fayette street, left Passavant hospital yesterday and returned home with her baby daughter.

Douglas Lacey, of 130 Diamond Court, was a patient at Passavant hospital last Saturday, remaining only the one day.

Mrs. George Hardwick, of 327 East College avenue, returned Monday to her home with her baby daughter.

J. A. Miller of Concord brought his young son to Passavant hospital where he will undergo an eye operation.

EXTENSIVE IMPROVEMENTS

Mention was recently made of the decorating work being done in the stores of F. J. Waddell & Co. The firm in addition was having a new floor laid yesterday by Joshua Vasconcellos & Sons. The second story is to be treated to extensive improvements and decorations; new shades are to adorn the windows and many additions and alterations are to be made to beautify the place and make it more suitable for the business of the firm.

What's Bone Dry—What's Not?

Not every storage battery that is called "bone dry" is really shipped and stored in bone-dry condition.

Some have solution put in at the factory, and poured out again before shipment.

Some are shipped with plates dry, and insulation wet.

These batteries are not bone dry.

Come in and get straight from us the story of Willard Threaded Rubber Insulation, the only form of insulation that permits of bone-dry shipment and storage of automobile starting, lighting and ignition batteries.

SEWER COMMITTEE
TALKED OVER PLANS

Met in Conference Wednesday With State Official—Department of Health Will Aid in Working Out Best Local Program.

Members of the special sewer committee appointed recently by the city council met yesterday for conference with Mr. Sjöblom, a representative of the State Board of Health. Recently Mayor Crabtree sent a request to the state board for co-operation in arriving at what is the logical plan for Jacksonville to follow in bettering its system of sewers. The visit of Mr. Sjöblom yesterday resulted and the conference covered various matters relating to the sewerage system.

The data in the hands of the committee was placed at the disposal of the visiting engineer and Public Engineer Henderson will furnish other facts. The state department will make some investigation on its own account.

TWO-BASKETBALL
GAMES FRIDAY NIGHT

Jacksonville and Routt High Will Both Be Seen in Action on Home Floors — Jacksonville Plays Canton and Routt Meets Virginia.

Basketball fans will have two games to choose from Friday evening when Jacksonville High and Routt High will both be seen in action on their home floors. No matter which game the fan selects he will get his money's worth for both promise some fast action.

Jacksonville since its defeat by Jerseyville has been working harder than ever. The men were not discouraged by that defeat and are looking forward to several victories.

Canton always has a fine team and several years ago won the district tournament. The team is said to be a fast one this year and prepared to put up a hard battle.

Coach Hufford has been trying out some new combinations the past few days. The result is that he is somewhat undecided as to what lineup he will start tomorrow night.

Routt After Revenge.
Routt High will tackle Virginia High on Liberty hall floor tomorrow night. Coach Conlin's men have rounded to since the holidays when they got rather off form.

Rook has joined the team and his presence gives added strength to the Routt combination as was shown by the wallowing given Winchester last week.

Early in the season Virginia defeated Routt on the Virginia floor by a score of 27 to 19. The Virginia floor is a small one and the Routt boys feel confident they can reverse that decision. The battle will be a royal one. Coach Harmon of the Illinois college will officiate. The teams will lineup as follows:

Routt—Zell, Carson, forwards; Rook, Costello, center; Saner, Wolfe, Gwin, guards.
Virginia—Skiles, McNeely, forwards; Meade, center; Dinwiddie, Wardell, guards.

ANNUAL MEETING OF
CHRISTIAN CHURCH

Congregation of Central Christian Church Held Annual Meeting Wednesday Evening—Reports Presented and Officers Elected.

The annual meeting of Central Christian church was held in the church on Wednesday evening, January 14th, at 7:30 o'clock.

After a brief devotional service reports from the various organizations of the church were presented. All reports indicated unusual activity upon the part of the church organizations.

The report of the treasurer indicated a total budget of \$10,625.59 for 1919. Of this amount \$8,101.93 was for current expenses, (including notes of \$2,525.56 for Missions and benevolences.) In addition to these amounts members of the local church subscribed during 1919 over \$2,500.00 to Illinois Disciples Foundation and to special work in Tokio, Japan.

During the year a Brotherhood was organized and the Sunday School became a Standard School according to the requirements of the International S. S. Association. (The report of the pastor, Mr. L. Pontius follows:)

Sermons 82
Special addresses 52
Funerals 64
Weddings 41
Additions to the church 54
Letters granted 42

Many letters were called for during the year because of an effort upon the part of the local church to reduce non-resident membership by requesting non-residents living in towns and cities far removed from Jacksonville to place their memberships in the churches where they are attending services.

The church authorized a committee to publish a history of the church, which was founded in 1822.

The board of deacons reported that 70 per cent of the members attend the regular services of the church, and that the board held regular meetings.

The Sunday school reported an enrollment of 74 and an average attendance of 392 all year. An average offering of \$12.58 and a balance in the treasury of \$111.55.

The Pastoral Helber, report that they took in \$2,436.01 during the year and spent \$2,425.20 for redecorating the church and for general benevolent work. After all bills are paid they have a balance of \$472.78.

The Ella Ewing Missionary Circle reported a membership of twenty-one members and that the regular monthly meetings were held.

The C. W. B. M. society reports that \$600 was given to missions as follows: \$150 to Mexico, and a like amount to other Latin countries, Mountain schools and the General fund.
The church treasurer reported that all bills against the church have been paid and that there is a balance of \$50 in the treasury. The total receipts were \$5,157.35 and the total disbursements were \$3,156.85.

Miss Mary Dewees who has served as church treasurer for a number of years and has rendered exceptional service, expressed her desire to be released from some of these duties and in her place Mr. Charles Martin was elected treasurer. Miss Dewees will continue to be financial secretary and secretary to the pastor.

The following men were elected to office:

Elders—W. T. Clarkson, G. H. Harney, W. O. Wait.
Deacons—H. C. Clement, W. W. Gillham, G. F. Haigh, J. R. Harney, Homer Ranson, C. A. Rose.

Trustees—Albert Duckett, M. R. Fitch, W. W. Holliday, C. R. Taylor, G. G. Huffaker.
Church clerk—C. L. Mathis.

WOMEN SEEK TO BRING DOWN PRICES

Jacksonville Club Women to Take Part in State Wide Movement.

The women's clubs of Jacksonville are to join in the campaign proposed to bring about lower prices in commodities. Since there are 67,000 club women in the state and indications are that all of them will take part in this movement, there is every reason to think that something worth while will be accomplished.

Mrs. O. F. Butte, who is president of the Jacksonville Women's club, made a brief statement yesterday about the movement in which clubs all throughout the state have been requested to co-operate. The slogan, "Stop, Think, don't buy now; only necessities. Prices will fall—wait for the drop," will be spread far and wide through the 102 counties of the state. The club women expect to work thru the schools, churches, picture theatres and newspapers in spreading their propaganda.

A Washington Plan
At the conference in Washington recently the suggestion was made that women agree to keep accurate account of household expenses during the month of January and then make a definite endeavor to reduce those expenses in February and to invest the savings, whether large or small, in some form of government securities.

Further, the women were expected to report to the treasury department the savings made and agreed if a worth while showing was made to continue the plan thru the year. It is with ideas of this kind that the women will approach the task of reducing living costs. They realize that they are attacking a big problem and are not expecting that immediate solution will follow. They do feel that thru co-operative, intelligent effort along this line that some definite and forward movement may be made for the accomplishment of the results which the general public seems so earnestly to desire.

This afternoon at 2:30 o'clock the executive board of the Jacksonville Women's club will meet at the Avers National bank for conference. At this meeting the plans for the campaign will be discussed and preparations made for carrying out in this county in an earnest way the state federation suggestions.

SALE OF A. M. MASTERS TOTALS NEARLY \$21,000

Because of Sickness in Family Has Leased His Lands—Several Other Sales Are Held in County Wednesday—All Well Attended And Good Prices Prevailed.

Four sales were held in the county Wednesday. The largest was that of A. M. Masters which was held at his farm, three miles east of Murrayville. The proceeds of the sale totaled nearly \$21,000.

Owing to sickness in his family, Mr. Masters is retiring temporarily from active farming. Vernon Baker of Murrayville has leased the farm and now has a lease of about 1,800 acres of land owned by Mr. Masters.

One of the largest crowds that ever attended a sale was present and the bidding on all offerings was spirited. Satisfactory prices prevailed and implements sold especially high.

L. L. Sealey of White Hall and H. E. Spencer of Scottville were the auctioneers, while Thomas Doyle and S. J. Baxter served as clerks. The ladies of Murrayville M. E. church served the lunch and realized a goodly sum. However, they did not anticipate such a large crowd and soon sold out everything.

Other sales in the county were the John Killam sale, totaling over \$7,000. Mrs. Mary A. Kavanagh's sale totaling over \$6,000 and the G. S. Beckman sale totaling over \$2,000.

Some of the buyers and prices paid at the Masters sale are given.

at \$160 each and Harry Norris bought two at \$150 each.

G. S. Beckman Has Closing Out Sale.

George S. Beckman held a closing out sale at his farm southeast of Pisgah Wednesday.

Mr. Beckman has rented his farm and will retire from active farming. A number of Chester White gilts were disposed of and brought good prices.

J. L. Henry, C. J. Wright and Amos Coker were the auctioneers while S. J. Camm served as clerk. The ladies of Central Christian church, Jacksonville, served the lunch. It was the first time they had ever served a lunch in the country and they received many compliments for the excellence of the menu and the serving. Some of the prices and buyers are given hereunder:

Chester White Gilts.

AGRICULTURISTS HAD GREAT CONVENTION

Charles S. Black and Harry J. Rice who were delegates from the Morgan County Farmers club to the annual convention of the Illinois Agricultural association, returned last night from Peoria.

The convention was held at the coliseum and was in every way a most enthusiastic gathering. There were more than 700 delegates present and matters of vital interest to agriculture were discussed at all the sessions.

The delegates all seemed impressed with the fact that agriculture today occupies even a more important place than ever before in the world's business, and the farmers are coming into a new knowledge of both their responsibilities and their opportunities.

Some general facts about the convention appear in another column under a Peoria date line.

LOCAL MILITIAMEN WILL WEAR OVERCOATS

Capt. James Received Shipment Wednesday From Springfield Will Be Distributed at Next Drill.

Members of the local militia company will be greatly interested in knowing that army overcoats were received yesterday and are ready for distribution. These coats will be allotted to the men at Monday night's drill, according to the statement made yesterday by Capt. Wesley James.

Recently along with other officers of the state militia, Capt. James was in Springfield to confer with the adjutant general's office with reference to property returns. While there he had opportunity to inspect the supplies kept by the ordnance and quartermasters departments and found them very complete, indicating the policy of preparedness which is now being followed by the state military organizations.

Capt. James had the pleasure of a personal interview with Adjutant General Dickson and it was at that time he was given assurance that the overcoats would be forwarded for the local company. The statement was quickly made good and the greatly needed equipment was received yesterday.

The Ladies of the Mound Woman's Country Club will hold market Saturday, the 17th at Dr. Kopper Insurance Rooms, corner East State and Square.

RETURN FROM WEST.

Judge W. E. Thomson returned yesterday from a business visit to Kansas. A number of days ago he accompanied J. D. Hembrough to the eastern part of the state and later went to Winfield on business and to Wichita to visit relatives. While at Winfield Judge Thomson drove out into the country and found snow there much heavier than here, as drifts four feet deep were of frequent occurrence. Mr. Hembrough reached Jacksonville Tuesday.

Train service was much disturbed in the west by the weather and both men were somewhat delayed.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL
HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

Keep Liver and Bowels
Clean and Active
with "Cascarets"

COATED TONGUE, DROWSINESS, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. The work while you sleep.—Adv.

ASHLAND CHURCH HAS NEW PASTOR

Rev. Mr. Beech Chosen as Pastor of Christian Church—Thomas Savage Loses Property by Fire—Other News Notes From Ashland.

Ashland, Ill., Jan. 12.—George Henn and family of Blanchard, N. D., are here visiting relatives and friends.

Rev. Mr. Beech, a student of Eureka College, preached two interesting sermons at the Christian church yesterday, and after the evening service, the board gave him a call which he accepted, coming each week-end until the close of school. After this he will be here as a resident pastor.

Tom Savage, living four miles northwest of town had the misfortune of losing his garage, two automobiles, meat house and contents by fire, Friday night.

Lee Watkins and family living south of Springfield visited relatives and friends here yesterday.

H. G. Way made a business trip to Bloomington last week.

Dwight Metzler of White Hall visited with friends here last week.

Dr. W. S. Taylor who was injured in an auto accident last week is recovering.

Harry Price and Floyd Matthews returned from Missouri last week where they rented a farm, and will move in the Spring.

Grace Bailey spent Monday in Jacksonville.

Ashland Hospital has another patient, Mrs. John Wright of Tallula.

C. W. Conover left Saturday on a six week's trip in the South. He expects to visit Houston, Galveston, Lake Charles and Hot Springs.

Mr. and Mrs. D. O. Hill returned home today after a month's visit with their son in Alabama.

SHOW "TWISTER" DOOR
PROMPT, EXPERT WARNS

A "twister," in insurance language, is an agent who goes to a policyholder of any company and induces that policyholder to drop the policy which he already has and to take out a policy in the company which the "twister" represents. To accomplish this purpose he uses every artifice at his command to disparage, underestimate and underrate the company in which the policyholder is already insured.

In doing this the "twister" does not hesitate to lie, misrepresent or to defraud. He is not in the least interested in the policyholder. The main object in his life, disregarding every conception of honor, is to secure a commission from the premium which he will receive if he succeeds in "twisting" a policy to his company. He is the most despicable, dishonorable and contemptible of all men in the profession of insurance. He is untrustworthy, and not a word he utters to be relied upon.

Get "Twister's" Name.
If any policyholder in this state is ever approached by an agent with the suggestion that he drop the policy which he already possesses and take out another with this agent, first secure the agent's name and address, then, with scant courtesy, let him be driven from the house and then send his name to the insurance department, which will take measures to cancel his license.

If any doubt at any time arises in the mind of any policyholder that his policy is not what it should be, or that the company is not in a solvent condition or able to carry out its contracts, send the policy under registered mail, or write to the department and ask for the names of two or three reputable insurance men in the city in which the policyholder resides and consult them; but never, under any circumstances, have any business dealings with the "twister," for he is a pirate in the sea of insurance, the Indian on the warpath, scalping friend and foe alike.

Where Words Fail.
No language can be too strong, or even lacking in dignity, which will warn the residents of the state to a knowledge of their rights under the laws of the state and the dangers threatening them thru unworthy insurance agents—Copy of letter written by J. H. Shively in 1910 while he was insurance commissioner of Washington.

Feeding Demonstrations—The demonstrations at A. L. French's and E. E. McPhail's were among the most satisfactory that have ever been directed by the Farm Bureau. Through the co-operation of the Creamery Managers at Chapin and at Jacksonville, we had very representative gatherings of men who were actually milking cows either as a main or side line.

The demonstrations of such a practical nature that every one present got something out of the demonstration that was well worth while. Corn silage and alfalfa hay were shown to be the most satisfactory of the farm roughages. Root crops may be used by the farmer who does not have cows enough to warrant him to build a silo. Finely ground corn and ground oats or finely ground corn and wheat bran supplemented by either cotton seed meal or oil meal were shown to be the most economical feeds at the present time. Some commercial feeds are good, but as a general thing they are too expensive to be profitable.

In feeding silage, Mr. Clarke advised feeding from 30 to 40 pounds per day together with all the alfalfa hay a cow would clean up. He advised feeding the grain mixture according to the milk flow at the rate of 2 to 2.5 pounds to a gallon of milk.

Mr. Clarke also told of some remarkable results obtained in increasing the milk flow of cows thru decreasing the grain ration gradually until the milk flow began to cut down, and then increasing it gradually until the full amount of the grain mixture was fed, and then repeating the process.

In one case the milk flow of a Holstein cow was increased from 40 pounds to 95 pounds in the manner indicated.

Supplying Clover Seed—We are urging our farmers to buy their clover seed of their dealers early. A dealer will undoubtedly make an effort to locate seed if he is sure he can sell it. However, even if every Agency that handles clover seed does its utmost the supply will not be sufficient to seed 20 per cent of our tillable land.

We have been ordering directly for several farmers in Morgan County and doubt our ability to get an adequate supply. In ordering seed this Farm Bureau has adopted the policy of having the Farm Bureau Member inclose his personal check and have the seed ordered shipped directly to the buyer. Otherwise we would find it necessary to organize a Grain Corporation, borrow money, rent a ware house, buy the seed, and have it analyzed in accordance with strict Illinois Seed Law. We need the clover seed and this Farm Bureau will gladly assist the farmers of the county in getting seed in the way indicated.

WARNING
It may surprise many to know that, despite a growing demand, the coming year will bring forth the greatest shortage in motor cars yet experienced.

Within the next six months the direct result will be felt of the great steel strike. The reserve steel will hardly last thru the first quarter of this year, and it will be some time before normal production is again reached.

The result will naturally mean another raise of prices in a short time. Order your car NOW.

MANY CASES UP
BEFORE PARDON BOARD

**Youth Serving Term in State
Reformatory Offered Chance to
Make Good By Missouri
Woman If Released.**

Springfield, Ill., Jan. 13.—
Richard Eoff, serving a sentence
in the state reformatory at Pon-
tiac, Ill., will be given a home
and a chance to "make good" if
he is released. Mrs. John Sterling
of Kirkwood, Mo., told the state
division of pardons and paroles
today when the young prisoner's
case was brought up for con-
sideration. Mrs. Sterling, who
is a granddaughter of former
Governor Joel Matteson of Illi-
nois and also a granddaughter
of United States Senator Do-
little of Wisconsin, became in-
terested in Eoff's behalf when he
advertised for a home while still
serving a sentence in Missouri for
stealing an automobile at St.
Louis. Eoff had lived at East St.
Louis, Ill., and was sentenced to
prison for a crime he was
paroled and went to St. Louis
where he was convicted of the
automobile theft. He was re-
turned to Pontiac for violation of
the parole. The board took the
case under advisement.

A plea for clemency for Choo-
Foo Horn, a Chicago Chinaman,
serving a twenty year sentence at
Joliet for murder, was made by
former Governor Edward F.
Dumme, who said the prisoner is
in ill-health.

Attorneys appear in behalf of
Leo Keane and S. L. Chester,
both serving sentences at Chester
for conspiracy in connection with
the East St. Louis race riots.
Former Judge A. J. Pettit of
Chicago, who presided at the trial
of William C. Ellis, sentenced to
fifteen years' imprisonment on
the charge of killing his wife in
a Chicago hotel in April, 1918,
appeared to oppose clemency. He
is legal representative for rela-
tives and friends of Mrs. Ellis,
a former resident of Chicago.

The board also had under con-
sideration an appeal for clemency
for Tug Wilson sentenced to life
imprisonment from Macon coun-
ty on a charge of murder.

All of the cases considered to-
day were taken under advisement.

Here is One Thing That is Absolutely Impossible.

Rheumatism Has Never Been Cured by Liniments or Lotions, and Never Will Be

You never knew of rheumatism that most painful source of suffering—being cured by liniments, lotions or other external applications. And you will never see anything but temporary relief afforded by such makeshifts.

But why be satisfied with temporary relief from the pangs of pain which are sure to return with increased severity, when there is permanent relief within your reach? Science has proven that rheumatism is a disordered condition of the blood. How then can satisfactory results be expected from any treatment that does

not reach the blood, the seat of the trouble, and rid the system of the cause of the disease? S. S. S. is one blood remedy that has for more than fifty years been giving relief to even the most aggravated and stubborn cases of rheumatism. It cleanses and purifies the blood by routing out all traces of disease. The experience of others who have taken S. S. S. will convince you that it will promptly reach your case. You can obtain this valuable remedy at any drug store.

A valuable book on rheumatism and its treatment, together with expert medical advice about your own individual case, will be sent absolutely free. Write today to Medical Department, Swift Specific Co., 431 Swift Laboratory, Atlanta, Ga.

WRITES INTERESTING LETTER FROM SOUTH

Graduate of Local High School Writes Uncle Interesting Account of Stay in Florida.

The following letter from a young lady graduate of the high school in this city, last year, was recently received by an uncle, at whose request she wrote a description of what she saw from the car window and then some. It is quite newsy and contains interesting information.

Kissimmee, Florida.
In accordance with my promise I will tell you something of our trip to this Sunny Southern city. Leaving home on the "Only Way" we arrived in St. Louis and went aboard the train and took possession of the stateroom which had been secured in advance and were soon locked in slumber. We awoke early in the morning and learned that we were in Fulton, Ky., which lies near the boundary line dividing that state from Tennessee. Proceeding on our way we passed thru Jackson, Tenn., Corinth, Miss., Birmingham, Ala., Waycross, Ga., and finally to Jacksonville, Fla. Here we changed cars and soon arrived at our destination, Kissimmee. This is an Indian word and the proper pronunciation places the accent on the second syllable—Kissim-mee. We were not very favorably impressed with the appearance of the country we passed thru, but I presume we saw only the poor-

er part of the country from the car windows. We passed forest after forest of pine trees standing in yellow clayey water. This was occasioned by the recent heavy rains and the swampy condition of the land in many localities.

We learned upon our arrival here that some trains had been delayed two or three days on account of floods near Columbus, Georgia, where the city of Columbus was separated from the town of Ghard, Ala., by the Chattahoochee river, so we congratulated ourselves on our good fortune in coming thru safely and without delay.

We noticed scores of tobacco and cotton fields all along the route, and at each station large, and small, great numbers of cotton bales that had been brought in from the nearby plantations and were to be shipped to market. Several miles out from Birmingham, Ala., we saw hundreds of small, whitewashed cottages and shacks, that were occupied by the coal and iron miners, for that is a great industry there, and the smoke arising from the foundries was dense.

We arrived at Jacksonville early in the morning and saw the fine new union depot of which the citizens may well be proud. It was a relief to get off the train and walk around for a while as two days and nights on the cars was quite enervating to one who is used to walking every day. We had an excellent breakfast here, and soon after started on the way to our destination. The ride was tiresome as it seemed long, and the weather was hot and the train crowded, but we saw many objects to interest us, among them the pine forests where turpentine was being obtained in little buckets under spits which were driven into holes bored in the sides of the pine trees. After gathering it it is boiled in big kettles, some being made into resin, and some converted into turpentine.

We saw great gardens and fields of head lettuce which was being cut and put into baskets and shipped in carloads to the eastern cities. The city of Sanford appears to be the center of lettuce producing lands. It is on the St. Johns river which we followed quite a distance on our ride from Jacksonville. On arrival at Kissimmee we had rooms in a splendid hotel for a few days after which we were so fortunate as to secure a cottage at 406 Main street and were quite comfortably fixed. The yard is large and is laid out in beautiful flowers and fruits. The roses are simply grand and resemble those grown in hot houses in the north.

Kissimmee is a very nice city. It is the county seat of Osceola county and has a population of 6,000. It is situated on Lake Tehepekaliga, which is a large body of water twelve miles in length, and contains a number of picturesque islands, one of which is inhabited by one family who devote their time to gardening. The largest island I was informed contains 160 acres, having many orange groves on it. I was told the island had recently changed owners for a consideration of fifty thousand dollars. There are fine fish in the lake, and some are caught that weigh from 12 to 25 pounds each. Lake trout which we call bass, cat and perch are the best eating, but to get them it is necessary to go out in a boat to catch them. A native told me of an alligator, caught recently that was six feet in length, and as it was too large to handle it was shot and the skin was sent to a taxidermist to prepare.

There is one waterway route from this city to the Atlantic ocean, it is by Lake Tehepekaliga, Cypress Lake, Kissimmee river, Lake Ocheechobee, a canal and into the ocean. We are about 30 miles from the Atlantic sea coast and 80 miles from the city of Tampa, and we expect in the near future to visit both places. The climate here is delightful. In fact this locality is claimed to be the most healthful in all Florida. The water contains sulphur and after one becomes accustomed to drinking it, it is fine. The temperature averages between 60 and 75 degrees the greater part of the time, and the nights are fine for sleeping. Christmas day was warm and sunny and altho we did not have any snow, the beautiful poinsettias did look very Christmasy.

Sister Eva started going to school soon after our arrival and is much pleased with her surroundings. The building has a fine appearance, and has all the grades including the high school department. It is of interest to note that the fine building was erected with funds received from the surplus made on the county farm.

Sister and I expect to go to Orlando, a distance of eighteen miles from here, to do some shopping. The population of that city, normally, is ten thousand but in winter it is increased by an influx of visitors so that it numbers approximately sixteen thousand. It is considered one of the most beautiful of Florida's inland cities, being as it is, surrounded by seventeen lakes. We tried to get the use of some rooms there, but every available place was filled. A gentleman who was here recently related that the mayor last winter leased

his furnished home to some tourist for two months and received \$8,000 for the rent. That was some high. Wish you had some of the grape fruit, oranges, tangerines and kumquats that are so abundant here.

One successful orange grower in DeSota county, has a kumquat tree which this season produced ten crates of fruit which sold for six dollars per crate, making the returns \$60 for the fruit from the tree of the smallest citrus fruit raised in Florida.

Of course we could not very well get along without The Daily Journal, so we ordered it sent to us. Altho mail service is not what it might be, we do manage to get the paper about two or three times a week.

But I fear I will tire you with so long a letter so will close for the present.

With compliments of the season,
Your niece

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

Story's Exchange, Loans and Insurance, Real Estate

Time was in England when men, with no land, had iron collars welded around their necks, and were slaves to their masters—the land owners.

Looks as though we are headed that way in the old U. S. A. Our land has doubled in value nine times in 90 years—an average of once in ten years. Who can say it will not double in the next ten years? You don't think so? Neither did you think so ten years ago, but it has. I know men who have hoarded their money 20 years waiting for land to get cheaper, and have seen values double twice, and still advancing. The reason is plain: 120 million people where there were once 5 millions, and no more land now than then. Fifty men want the same farm—only one can have it.

Every farmer should "salt down" a piece of land somewhere. Use your money and your credit—your neighbor has money to lend, and wants to lend as bad as you want to borrow. BUY LAND WHILE YOU CAN—IT WILL BE HERE WHEN GABRIEL BLOWS HIS HORN, and you can say that of no other investment.

(a) 340 acres, well improved, nice home, \$125 per acre.
(b) A nice little farm of about 40 acres at the edge of town and well improved for \$250 per acre. Don't quit farming, buy it.
(c) Not much more than a stone's throw from the city we offer a high class farm, rich soil, good house, barn, etc., for the price of a good farm ten miles out. You can move to this within ten days, and it is a splendid buy. Let us prove it.

SUBURBAN PROPERTY
The best investment for a man of small means—a few acres where you can market every dime's worth.

(a) Four acres, ideal location, new house, barn, etc.
(b) Ten acres, excellent soil, rich as cream, lots of fruit, good six rooms house, large barn, in fact a young farm complete, and offered worth the money. You should hurry in and see this one. To be sure, March 1 or sooner on all these.

HOUSES
For two families who want to be near each other, we offer two homes on adjoining lots. Good medium sized houses at medium price. We have a prime home in the best part of the west side, complete in every particular, sleeping porch and all only \$6000. See the new six room bungalow near State street at \$5500. Sun roof, open grate, oak floor—You'll like it.

Farmers!

Big crops do not mean big profits.

Every farmer knows that production is only a part of our problem. If we raised 200 bushels of corn per acre we would still have many problems. That was demonstrated last fall when hogs went down 10 cents in 75 days. The Government asked us to raise hogs; we raised them but when it came time to sell, they did not pay for the corn fed them.

We must make our farm business efficient and produce what is necessary.

The Morgan County Farm Bureau and the Illinois Agricultural Association are Doing That.

We know too that there are a whole lot of problems outside the fences of the farm which directly affect our business. We can not solve these problems as individuals. We must organize for strength so that we can speak and act together.

Between February 1 and 28 We are Going to have a Membership Campaign.

10 farmer solicitors from the State Association are coming here and with our Farm Bureau membership committee are going to visit every farmer in the county. We expect you to join.

REO

POWER---that's what makes an automobile step out and discount the miles and the hills, taking you there and back on schedule time---or ahead of it.

It is power that gets you quickly out of traffic jams, and makes impassable roads passable. And yet your car's abundance of power must be flexible, as it is in the newest REO SIX, so that you may get away quickly, so that you may roll along at 40 or more without noticeable engine effort, so that you may do the steep on high and never doubt her game-ness in "hanging on."

Wonderful car, this newest REO SIX—the car that has everything from beauty to bulldog tenacity. May we show you? Simply telephone.

COUGHING, WEAK AND RUN-DOWN AFTER FLU

Regained flesh and strength quickly, and tells how.

"I nearly died from 'flu' last October, and it left me with a terrible cough. The doctor gave me one bottle of medicine after another, but it did me no good. Went to Charlotte, N. C., and took treatment of a specialist without any permanent benefit. I saw Milk's Emulsion advertised and started using it. It helped me right from the start. I had no appetite and my stomach was in bad shape. But 12 bottles have straightened me out entirely. I eat anything without distress, my cough is gone and I have gained back my strength and flesh."—Emma Withers, 3550 Belmont, N. C.

Don't trifle with a weak, run-down condition. It leaves you open to serious diseases. Get your strength back. Milk's Emulsion costs nothing to try. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural action, doing away with all need of pills and physics. It promotes appetite and quickly puts the liver and organs in shape to assimilate food. It is a builder of flesh and strength. Milk's Emulsion is strongly recommended to those whom sickness has weakened and is a powerful aid in resisting and repelling the effects of winter diseases. Chronic stomach troubles and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.
